Hi Daniel,

I hope you're doing well! My name is Gabe and I'm a member of the Recruitment team at X, the moonshot factory. It's nice to e-meet you!

I recently came across your profile in our system and was impressed with your background! I'm currently supporting our Project, Bellwether, with their hiring and we have a role that I feel may be aligned with your background. The role is a Machine Learning Software Engineering Lead. I'll include some information below regarding the Project and the role:

[Project Bellwether](#)
[Role Description](#)

If you'd be interested in exploring these opportunities further, I'd be happy to find some time to connect with you next week. And, if you have any questions, please let me know and I'm happy to help.

Looking forward to hearing from you!

Hi Gabe!

Thanks for reaching out, I am definitely interested in learning more about Project Bellwether and this role. I have gone ahead and submitted an application directly to this position.

I am very flexible this week. Let me know what time works best for you.

Looking forward to it!
Daniel

Hi Daniel,

Thanks for getting back to me and I'm happy to hear you're interested as well! This week is a little tight with some work travel, but would tomorrow at 2:30 Pacific Time work for you?

If so, please let me know and I'll send over a meeting invite asap.

Looking forward to speaking with you!

Great! I just sent an invite. If you don't see it in your inbox, I recommend checking your spam folder just in case.

Speak soon!

It was a pleasure speaking with you today Gabe!

Looking forward to hearing from you soon. Ready to move forward with the next steps.

Have a great rest of your trip to California,
Daniel

Hi Daniel,

Thanks so much for meeting with me today for the Machine Learning Software Engineering Lead role with Bellwether, we're excited to move forward to the next steps in the process!

We'll have you meet with Dave Andre, who's one of our Distinguished Engineering Leaders at X for an ML Systems Design interview. The interview will be 45 minutes and completed over Google Meet.

I'd also like to introduce you to my colleague Marissa (CC'd). She'll be able to help you out with scheduling and will be in touch to start scheduling soon. We'll also send an NDA in a separate email (and that email tends to route to spam so I would look there just in case).

We're excited to have you meet with Dave and please let me know if you have any questions!

Hi Gabe,

Thanks so much for the update! I'm excited to meet with Dave Andre for the ML Systems Design interview and move forward with the next steps.

I'll keep an eye out for the NDA email (and will definitely check my spam folder). Looking forward to working with Marissa on scheduling!

Let me know if there's anything else you need from me in the meantime.

Daniel

Hi Gabe,

Just wanted to let you know I've submitted the NDA and reached out to Marissa to get the interview scheduled.

Excited for the next steps!

Daniel
